### **Parking Guidance:**

Southern Village is a busy commercial area, particularly around lunch time, so parking may be challenging at times. To maintain good relationships with the community, we should work to not burden the parking situation. Preferred Parking is Church Parking behind Building 103 and 105, and behind the Main Church. There are about 60 total Church Parking spots available, which we have preferred but not exclusive access.

1. We recommend you first try to park in Church Parking behind Building 103 and 105 on Market Street, which is accessible from Market Street and from Sumac Road.
2. If Church Parking is unavailable there, try the Church Parking behind the Main Church which is accessible from Kildaire Road across from Weaver Street Market.
3. Next, look for Public Parking on the streets. Some, directly in front of the commercial businesses on Market Street, are marked 1 Hour or 2 Hour, but there is unlimited time parking available on other streets.
4. 3 Hour Parking is available in Southern Village Visitor Lots in the Main Square and underneath building on the North side of Market Street. This is available, since CUMC is a member of Market Street Association, but is not preferred parking, since the commercial businesses depend on it for their customers.
5. Finally, just behind Building 105 is a Paid Public Parking associated with the Chapel Hill Bus System. Cost is \$2.00/day.
6. You do risk being towed or ticketed if you park in private lots or in the lot for Community Park.

Southern Village residents may want to consider walking, others may take the NS or V Bus Lines, which drop off near our location, and others could carpool where that makes sense.
